11	Use of commas
12	Large numbers in practice
13	
14	
15	

Chapter pre-requisites

1	
2	
3	
4	
5	
6	

Complex concept/topic to teach and understand in this chapter

1	
2	
3	
4	
5	

Area/concepts where the students will make most mistakes

1	
2	
3	
4	
5	

Chapter duration

Total periods required:

Teaching periods	Revision period	Worksheet discussion	Number of hours

Activities involved

Activity Number	Name of the activity	Timing

2. Whole Numbers

Objective of the chapter

1	Introduction on whole numbers
2	Predecessor and successor
3	Whole numbers
4	The number line
5	
6	
7	

Chapter pre-requisites
